## #MySoldiersHome Campaign

What are your memories or stories about the Milwaukee VA Soldiers Home Historic District? Have you received care at the VA Hospital and found yourself walking the park-like grounds? Did a parent or grandparent spend time on the grounds? Is a loved one of yours buried in Wood National Cemetery? Have you found yourself walking the District after a game at Miller Park and stood in awe of Old Main? Have you driven past the district every day but just recently stopped to learn more?

### Whether you use words, pictures, videos or poems, we want to hear from you!

Join the effort to make this national treasure and historic landmark known in our community by sharing memories, stories and anecdotes. You have the power to spread the word about this significant historic asset.

Not only will your story or memory help raise awareness of the District, we might even use it to help tell others the story of the Soldiers Home and/or post it to the National Trust for Historic Preservation's website for the Milwaukee VA Soldiers Home Historic District!

There are plenty of ways you can contribute your story, including:
